DETAILED ACTION

1. The amendment filed on 5/24/06 has been fully considered and made of record. Cancellation of claims 1-7 is acknowledged.

Allowable Subject Matter

2. Claims 8-12 are allowed.
3. The following is an examiner's statement of reasons for allowance: The prior art does not teach (in combination with all other claim limitations) an assembly fixture for mounting a spindle motor to a base of a hard disk drive, said fixture having a receptacle into which the hub of the spindle motor is inserted so as to assemble the motor on the base. The prior art teaches a mounting fixture to which the base of the motor (i.e. the mounting bracket) is attached, with the hub pointing away from the fixture, whereas the present application has the hub pointing toward the fixture and inserted into the receptacle of the fixture.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
